

## HIV/AIDS IN NEBRASKA

While the federal government's investment in treatment and research is helping people with HIV/AIDS live longer and more productive lives, HIV continues to spread at a staggering national rate of over 40,000 new infections per year. The following data represent the total reported AIDS cases in Nebraska through year-end 2004:

**Total Reported AIDS Cases**

## Demographic Trends

It is the position of AIDS Action that the current HIV/AIDS statistics represent only a portion of the epidemic in the U.S. The data below only captures the HIV cases that were confirmed through testing and reporting; thus, it does not reflect the demography and size of the HIV positive population that has not yet been tested or reported.

### TOTAL REPORTED AIDS CASES BY GENDER, 2004

### PERCENTAGE OF TOTAL AIDS CASES REPORTED BY GENDER, 2004

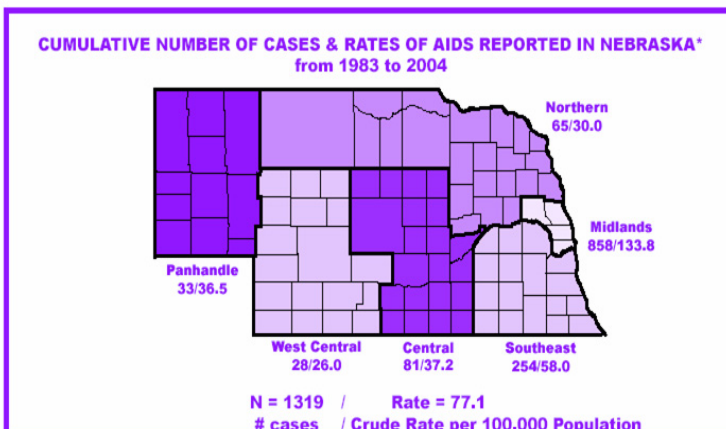

### TOTAL REPORTED AIDS CASES BY RACE / ETHNICITY, 2004

White, Not Hispanic	874
Black, Not Hispanic	276
Hispanic	138
Asian/Pacific Islander	11
American Indian/Alaskan Native	19

### PERCENTAGE OF TOTAL REPORTED CASES BY RACE / ETHNICITY, 2004<sup>ii</sup>

White, Not Hispanic	66 %
Black, Not Hispanic	21 %
Hispanic	10 %
Asian/Pacific Islander	1 %
American Indian/Alaskan Native	1 %

### TOTAL REPORTED AIDS CASES BY COUNTY, 2004<sup>iii</sup>

### TOTAL REPORTED AIDS CASES BY MAJOR COUNTIES, 2004<sup>iv</sup>

County	Total Cases
Douglas County	782
Lancaster County	209
Sarpy County	50-99
Hall County	20-49
Madison County	20-49
ScottsBluff County	20-49

\*In order to maintain confidentiality for the small number of persons living with AIDS, for counties with smaller numbers, no exact figures were given.

## FISCAL YEAR 2004 FUNDING FOR HIV/AIDS IN NEBRASKA

### At-A-Glance

	Department	Agency	Amount
HIV Prevention	Health & Human Services	Centers for Disease Control & Prev.	\$1,347,415
Ryan White - Title I	Health & Human Services	Health Resources & Services Admin.	\$0
Ryan White - Title II	Health & Human Services	Health Resources & Services Admin.	\$1,757,215
Ryan White - Title III	Health & Human Services	Health Resources & Services Admin.	\$704,184
Ryan White - Title IV	Health & Human Services	Health Resources & Services Admin.	\$0
Ryan White - AETC	Health & Human Services	Health Resources & Services Admin.	\$165,500
Ryan White - Dental	Health & Human Services	Health Resources & Services Admin.	\$36,377.50
Ryan White - SPNS	Health & Human Services	Health Resources & Services Admin.	\$0
HOPWA	Housing & Urban Dev.	Office of HIV/AIDS Housing	\$0

### Prevention

The Centers for Disease Control and Prevention provided Nebraska with \$1,347,415 for HIV prevention programs. These funds were allocated to state and local health departments and community-based organizations to finance counseling and testing programs, public information and health education/risk reduction activities, and monitoring/surveillance programs.<sup>v</sup>

### Ryan White CARE Act

The Ryan White Comprehensive AIDS Resources Emergency (CARE) Act, enacted in 1990 and reauthorized in 2000, is the centerpiece of the federal government's efforts to improve the quality and availability of care for medically underserved individuals and families affected by HIV/AIDS. The CARE Act, administered by the HIV/AIDS Bureau of the Health Resources and Services Administration, provides funding to states, territories, and other public and private nonprofit entities to develop, organize, coordinate, and operate more effective and cost-efficient systems for the delivery of essential health care and support services to people living with HIV/AIDS and their families.

- **Title I – Eligible Metropolitan Areas (EMAs):** Title I provides funding to eligible metropolitan areas disproportionately affected by the HIV epidemic. Nebraska qualified for \$0 in Title I funding.<sup>vi</sup>
  - EMAs: None
- **Title II – States:** Title II helps state health departments improve the quality, availability, and organization of HIV health care and support services. This title also contains the AIDS Drug Assistance Program (ADAP), which provides medications to individuals with low income and supplemental grants for emerging communities, which are defined as cities reporting between 500 and 1,999 AIDS cases in the past five years. Nebraska received \$1,757,215 in CARE Act Title II funds, which includes \$1,107,661 for ADAP and \$0 for emerging communities, as well as \$10,254 to support educational and outreach services to help disproportionately impacted communities of color improve their participation in ADAP through the Minority AIDS Initiative.<sup>vii</sup>
- **Title III – Early Intervention Services and Planning:** Title III supports competitive grants to provide medical treatment and medical support services for people living with HIV including HIV testing, early intervention services, risk reduction counseling, case management, outreach, oral health, nutrition, and mental health services. Title III supports Early Intervention Services (EIS) grants that provide services for HIV positive individuals with low income who are uninsured or underinsured as well as grants for planning

and capacity building to help rural or underserved communities develop high-quality HIV primary care. Nebraska received \$704,184 in Title III funds.<sup>viii</sup>

- **Title IV – Women, Infants, Children, and Youth:** Title IV focuses on the operation and development of primary care systems and social services for women and youth, two groups that represent a growing share of the epidemic. Nebraska received \$0 in Title IV funds.<sup>ix</sup>
- **Other CARE Act Funding Programs:**

**AIDS Education and Training Centers (AETC) Program**

AETCs provide training, consultation, and information to HIV health care providers through a network of 11 regional centers, each of which serves between two and ten states and/or territories; four national centers (the AETC National Resource Center, the National HIV/AIDS Clinicians’ Consultation Center, the National Evaluation AETC, and the National Minority AETC); and over 130 local performance sites across all 50 states, the District of Columbia, and the U.S. territories.

Funding is allocated to each of the 15 national and regional centers, which then distribute resources to local performance sites in each state.

**Total Nebraska AETC Funding:** \$165,500<sup>x</sup>

**Regional Center**

**Local Performance Site(s)**

Mountain Plains AETC  
Department of Medicine, Division of Infectious Diseases

Nebraska AETC  
University of Nebraska Medical  
Center  
Omaha, NE 68198

*Located in: Colorado*

*Serves: Colorado, Kansas, Nebraska, New Mexico, North Dakota, South Dakota, Utah, Wyoming*

**Dental Reimbursement Program**

The Ryan White Care Act Dental Reimbursement program provides reimbursement to dental schools, postdoctoral dental education programs, and dental hygiene programs for oral health care of individuals living with HIV.

**Total Dental Reimbursement Funding:** \$36,377.50<sup>xii</sup>

University of Nebraska Medical Center College of Dentistry Omaha, NE
---

### Special Projects of National Significance (SPNS)

SPNS is the research and development aspect of the Ryan White CARE Act. SPNS is responsible for assessing the effectiveness of certain care models, providing support for innovative models of HIV/AIDS service delivery and for assisting the replication of effective models across the nation.

**Total SPNS Funding:**

\$0<sup>xiii</sup>

### Housing Opportunities for Persons with AIDS

---

The Housing Opportunities for Persons with AIDS program (HOPWA) provides housing assistance and related supportive services for HIV positive persons with low income and their families. Ninety percent of funding is provided through “formula grants” to qualified states with the largest number of AIDS cases, and the remaining ten percent is provided on a competitive basis through three grant programs: Special Projects of National Significance (SPNS), projects that address permanent housing and service challenges for persons with HIV and their families, and technical assistance projects.

The Department of Housing and Urban Development (HUD) provided Nebraska with \$0 in formula grants under the HOPWA program in 2004.<sup>xiv</sup> Nebraska also received \$0 in SPNS competitive grant funding.<sup>xv</sup>

HOPWA Grant Type	Funding Amount
Formula	\$0
Competitive- SPNS	\$0

### Serostatus Reporting

---

States require that cases of AIDS be reported to local and state health departments, and since 2004, all states require that cases of HIV infection be reported as well. The data below include the number of persons reported with HIV infection who do *not* have an AIDS diagnosis. Each state can use one of three forms of HIV reporting: name-based, code-based, or name-to-code-based. In name-based reporting, the individual who tests positive is identified by name. In code-based reporting, unique identifier codes are used in place of names. In name-to-code-based reporting, HIV cases are initially identified by name and are later switched to code. The CDC only accepts data for its surveillance reports from states that use name-based reporting for HIV.

- Nebraska uses **name-based** reporting of HIV infections.<sup>xvi</sup>
- Nebraska began **name-based** reporting of HIV infections in 1995.<sup>xvii</sup>
- Total number of adults living with HIV infection through December 2004: 605
- Total number of children ≤ 13 years old living with HIV infection through December 2004: 6<sup>xviii</sup>
